

Synchronicity

Synchronized Skating Teams

It's the end of our inaugural season and we are pleased to Introduce Two Teams!

You too can be a part of the latest and greatest thing in figure skating...here in your own club!

Youth Introductory

Our youth introductory team is made up of A group of girls whose ages range from 8-14. These girls were new to synchronized skating, but they soon learned just how much fun synchro can be. With a lot of determination and hard work these girls placed 4th in their first competition.

Kim Kirkendall, Professional Coach

Teen Introductory

Our teen introductory team is a group of girls ranging in age from 9-16. Most of this team is made up of girls that are new to synchronized skating, with a handful of seasoned veterans mixed in. This team worked very hard learning the ropes and skated very well together.

Linda Murray, Professional Coach

Synchronized skating is exciting and fun but it takes a strong work ethic and commitment to the team in order to succeed. A synchro skater becomes part of a skating "family" (coaches, parents, teammates, etc.) And as such, they will stand by one another and help each other through the season and hopefully the many seasons that follow.

We had so much fun this season!!!

Competitions, First Night, Beacons Intermission, Ice Show

We even went out to help the Salvation Army at Christmas...We loved ringing the bell!!!

Watch for our **Summer Synchro Camp**. To be held in June followed by team tryouts. And when you become a member of **Synchronicity**, we will provide you with a team skate bag, a competition outfit and memories that will last a lifetime!!!

Interested in finding out more? Call: Kim Kirkendall (810) 364-6084
Linda Murray (519) 862-5253

**We look forward
to hearing from
YOU!**
